Serial No.

2) Extracts from Mr Rajagopalan Chari's Report.

Accommodation

a) Kolar Town :- Permanent provision has to be made for a 1st class and one 2nd class court. As no accommodation can be provided for in the existing offices, the following three alternative proposals are submitted in consultation with the Dy. Commr & the Executive Engineer :-

(1) An upper storey may be added to the Dt. office building (design already prepared) and two small rooms added to the building in rear of the Dt. office to serve as record rooms to the Dt. office. If this is sanctioned the 2 new courts may be located in the ground floors in the portion now occupied by the Dy. Commr. The extension to the present Munsiff Court building may in this event be permanently given to the Munsiff & the new building for this Court will then be unnecessary

NOTE—Contn. sheet.

General and Revenue Secretariat. | C5 File No.. 2856 of 191 8

Serial No.

(2) Construction of a new munsiff's court & locating the 2 new courts in the present munsiff's court-building

(3) A new building may be constructed to accommodate all the law courts in the Dt. Head Quarter, the present munsiff's court being given to the Dy. commr's office in lieu of the upper storey.

b) Chickballapur :— A new building is necessary. The old travellers bungalow may temporarily be used for the new court

c) Chintamani :— A new building is necessary. Temporary accommodation may be had by hiring some buildings.

d) Tumkur After inspection of the buildings in Tumkur, I suggested to the Dy. commr. that the 2nd class court may be permanently located in the rooms now used by the Sub-Registrar in the Tumkur cutcherry, his office being removed to the portion in the Tumkur cutcherry till recently occupied by that office. The

NOTE—Contn. sheet.

Serial No.

Dy Comnr. is agreeable to this

I also suggested that the 1st class court may be held as a permanent measure in the Jail Division shed opposite to the Taluk cutcherry after carrying out necessary additions and improvements to make it suitable for the purpose. The cost of improving it is estimated by the Dy. Comnr. at about Rs 2500/-. It is understood that orders have issued for the disbandment of the Jail Division classes.

The Dy. Comnr. has accepted both these suggestions

c) Madrapuri There is no accommodation either in the Taluk cutcherry or in the Sub-Div. office. A new building is absolutely necessary It may be constructed in the new extension that is being laid out

f) Tiptur A new building is necessary & it may be constructed in the new extension between the Taluk office & the Travellers' Bungalow".

Submitted to His Highness.

44) Orders were passed in Government Order No.G.27798-805/Cts.157-18-2 dated the 12th June 1919 extending the scheme for the separation of judicial and executive functions to the districts of Mysore and Kadur, with effect from 1st October 1919.

Under submission.

2. Representations have since been received that Narasimharajapura will be a more central place than Tarikere and that Chamarajanagar will be a more convenient place than Nanjangud for the location of the Second Class Magistrates' Courts. Further, the question of permitting the Amildar of Yelandur and the Deputy Amildar of Sringeri to continue to exercise magisterial functions has been raised by the Jehagirdars and the opinions of the respective District Magistrates have also been received.

-do -do-

3. To give time for the settlement of these questions, it is considered desirable to introduce the scheme into the two districts from 1st January 1920 instead of from 1st October next. The Members of Council are agreeable to this proposal, and I solicit the gracious sanction of His Highness to the same.

is required in the Public offices building at Negapatam for the location therein of the new Spl. Asst. Collr. & Asst. Superintendent of Police, Negapatam. While it was proposed to shift therefrom either the Forest or the P.W.D offices, the former was not found convenient & that as such only the latter could be shifted from there. The place assigned for the P.W.D offices is the old Taluq kacheri block near Govt. House in which accommodation is now found for the Taluq kacheri, the Sub. Registrar's office & the Excise Inspector's office besides the Bandies depot. The P.W.D have expressed their willingness to shift provided the entire block is handed over to it. In this case where will the offices now located there be shifted to? The letter does not appear to the above information available on this point. I shall be glad if the matter is made clear to me.

Rel
27.12.19

Not the Taluk cutcheri building but the record room close by - which is now only partly used.

The record room is part & parcel of the Taluq kacheri & not a separate unit as stated. Read what is meant by "partly used".

Tumkur District.

To:-

C . S. Balasundaram Iyer, Esquire, B.A.,
Chief Secretary to Government of His Highness
the Maharaja of Mysore
BANGALORE.

S I R,

With reference to your letter No. G. 23,442/ C.S. 235-18-1 dated 14th April 1919, about providing accommodation for locating the several Special Magistrates' Courts in this District, in connection with the scheme of separation of Judicial and Executive functions, I have the honour to state as follows:-

2. For the 1st class Special Magistrates Court at Tumkur the Jujutsu Shed near the Taluk Office and the rooms near it have been selected. If this is approved there will be no necessity to disturb the Assistant Commissioner of Gubbi Sub Division from his Office.

3. Room has been found in the Tumkur Taluk Office for the 2nd class Special Magistrate of that place.

4. There is no room for accommodating the Special 2nd class Magistrates in the Taluk Office at Tiptur which is already over-crowded. Hence a private storied building in the Main Bazaar opposite to the Town Police Station will be rented for the purpose. I have spoken to the owner thereof and he has agreed to let it at a reasonable rent after making some alterations and improvements to the extent of about Rs.500/- as suggested by me on the spot. Government may kindly approve of this arrangement.

5. At Maddagiri no private building suitable for a court can be had for locating the Revenue SubDivision Office or the Special Magistrates court. It is therefore found necessary to locate the court in the Government building now occupied by the Munsiff within the Fort. With slight improvements it can be conveniently used for the court and the Munsiff may be asked tovacate this building. As it is, it is lonely and the Munsif from

SERIAL No. 7

To

Chief
The Secretary to the Government of
His Highness the Maharaja of Mysore,
~~Department.~~

SIR,

Referring to your letters Nos.G.28452/Cts.235-18-4 dated 23rd June 1919 and G.2069 dated 26th July 1919 re the location of the Special Magistrates' Courts in Mysore and Kadur Districts from 1st October 1919, I have the honour to forward herewith copies of letters Nos.H.C.1401/Rev. of 18-19 and its enclosure, and J.C.594 of 18-19 dated 25th July 1919, from the Deputy Commissioners of Mysore and Kadur Districts respectively, submitting their proposals in the matter.

2. The Mysore Deputy Commissioner's proposals to shift the office of the Executive Engineer or the offices of the two District Forest Officers from the Public Office Building and locate the Special Magistrate's Courts in that building seems to be suitable. His proposals as regards the location of the Courts at Hunsur, Mandya, French Rocks and Nanjangud are also suitable, but pending purchase of Mr. Hay's bungalow at Hunsur, the Court may be held in the Amildar's Court-Hall.

3. I am not in favour of locating the Sub Division Office and the Economic Superintendent's office in the building constructed for the quarters of the Sub Division Officer at Chikmagalur. It is desirable that this building should be reserved for

residential

General No. C. 1-2114-19

Enclosure No. 3.

SUBJECT.

Re the proposals for accommodating the Special Magistrates' Courts in the Mysore and Kadur Districts.

---

residential purposes. Mr. Chandregowda's house may be taken up for these offices for the present and the Special Magistrate's Court located in the District Office Building. The Deputy Commissioner's proposals as regards the location of the Special Magistrate's Court at Tarikere have my concurrence.

I have the honour to be,

S i r,

Your most obedient servant,

Revenue Commissioner.

B.R.

Letter No.H.C.1401 of Rev. 18-19 dated 25th July 1919 from the Deputy Commissioner, Mysore District, to the Revenue Commissioner in Mysore, Bangalore.

With reference to your memo No.C.5214 G1. 18-19 of the 24th June 1919 calling for proposals for accommodating the Special Magistrate's Courts to be established in this District at Mysore, Hunsur, Mandya, French Rocks and Nanjangud, I have the honour to state as follows subject to alterations that I might have to propose after further inspections:--

As regards the location of the 1st Class Magistrate's Court at Mysore, I send herewith copy of my letter No.H.C.49 Rev.19-20 of the 14th instant proposing to locate this Court in the District Office Building by removing certain offices not subordinate to the Deputy Commissioner to another building.

The other Special Courts are 2nd Class Magistrate's Courts. For locating the Special Court at Hunsur, a bungalow owned by Messrs. Petrie Hay and Son is available for sale and I am corresponding with the firm to settle the price.

At Mandya, the Special Court will have to be located in the Taluk Office (utilising the Amildar's Court Room etc.) and removing the Excise Range Office and if necessary the Sub Registrar's office also to another building. The only other building available is the Public Works Department Overseer's lodge occupied by the Public Works Department Range Officer. Until other accommodation is provided this building may be taken up for locating the minor offices there as the Range Officer may be able to find a suitable dwelling house for his occupation.

At French Rocks, the Deputy Amildar's Court Room etc., may be made available. In this connection I would invite reference to my letter No.H.C.1304/18-19 Rev. of 28th June 1919 stating that the French Rocks Sub Taluk might be abolished and absorbed in

the

adjacent Taluks.

In Nanjangud, with a view to improve the accommodation available in the taluk office building, additions and alterations were proposed, and to take the work in hand, the Sub Registrar's Office and the Excise Range Office were removed to a rented building. Eventually the idea of improving the existing building was given up and the consruction of a new building decided upon (vide letter No.R.O.C.5102 Rev.18-19 of 11th September 1918) The Sub Registrar's Office may therefore be shifted back to the Taluk Cutcherry and the rented building made available for the Special 2nd class Magistrate's Court. A Bench Magistrate's Court is also to be formed in Nanjangud. This might be located in the room to the east of the hall in the rented building or in the buildin- used as the Town Police Station shifting the latter to the Taluk Head Station or elsewhere.

" C o p y "

For Revenue Commissioner.

B.R.

Letter No.H.C.49 Rev. 19-20 dated the 14th July 1919 from the Deputy Commissioner, Mysore District, to the Chief Secretary to the Government of Mysore, Bangalore.

I have the honor to address you on the subject of the accommodation of the office of the Deputy Commissioner and of other offices at Mysore subordinate to me.

In the Public Office Buildings, are now located besides my office in the various branches, the following:

1. The Sub Division Officer, Mysore
2. The Court of the Special Magistrate
3. The Executive Engineer
4. The District Forest Officer, West
5. do do South.

Of the above, Nos.3, 4, and 5 are quite independent and they occupy as many as six rooms in the Public Office Buildings leaving very limited accommodation for the other offices.

The inconvenience caused by insufficient cramped accommodation is greatly aggravated by a good portion of even this having to be vacated three times in a year for the sittings of the Economic Conference and the Dasara Representative Assemblies. On my bringing this serious inconvenience to the notice of the Government very recently, You have been pleased to write that you quite appreciated the inconvenience caused to me and that after personal discussion ~~are~~ we might ~~come~~ arrive at some settlement which will cause less disturbance.

I have given my best consideration to the subject and I might at once submit that the best solution is to give the entire public office buildings to the Deputy Commissioner for his office and these of his direct Assistants, finding other suitable accommodation by having or constructing new buildings for the offices of the Executive Engineer and the District Forest Officers.

It might take some time before such accommodation is found and for the present, I venture to suggest that the building near the

the Taluk Office in which are now kept some old records of the District Office be made use of to accommodate either the office of the Executive Engineer or of the District Forest Officers. I send herewith a sketch of the building. Perusing the sketch it will be seen that the building is a spacious one 93 feet by 49 feet broad (inside) and it now consists of a big hall marked A -65½ feet by 23 feet - a varandah walled and covered up - marked B on three sides and two rooms marked C and D. 34 feet by 11½ feet and 58 feet by 11½ feet. The hall marked A is now occupied by some old records of my office which I shall get sorted and removed to the public office buildings very shortly.

The building by suitable partition walls and provision of doors will provide ample accommodation either for the office of the Executive Engineer or for both the District Forest Officers. You have yourself seen the building when you were pleased to go over the whole buildings with me on 16th ultimo.

The removal of the offices of the two District Forest Officers to that building will give me some relief as I shall then able to adjust the accommodation of my office so as to avoid the necessity of shifting any of the officials and the office records to tents during the sittings of the Representative Assembly and the Economic Conference. But I and my Assistants can-not avoid shifting to tents during those occasions unless the Executive Engineer's Office is removed from here and the rooms noe occupied by that office are placed at my disposal.

As for the Special Court of First Class Magistrate to be established from 1st October next, I think it very desirable to locate it in the public office buildings not only for the convenience of lawyers but also for the convenienct of the work of the Court itself, when the Magistrate happens to go on short leave and the Court has then to be left to the charge of another local Magistrate without prejudice to the duties of the latter. The arrangement is possible only when the Special Court is located either in the public office buildings or in the premises as the City Magistrate's Court. As no accommodation

accommodation is immediately available in the latter, I propose to accommodate the Special Court in the public office buildings. But even this I am unable to do in the extremely limited accommodation now available.

In these circumstances, I beg to submit for the consideration and orders of the Government the expediency of shifting either the office of the Executive Engineer or of the District Forest Officers immediately to the old Record Room building a sketch of which I have enclosed for perusal.

I may add that, the Executive Engineer or the District Forest Officers may find adequate accommodation in the Taluk Office premises (old District Office Buildings) if the minor offices now held therein viz. the Sub Registrar's Office, the Excise Range Office, and the Office of the Special Deputy Amildar are accommodated in the Record building.

I request the favour of early orders on the subject.

"C o p y"

For Deputy Commissioner,

Mysore District.

Letter No.J.C.594/18-19 dated 25th July 1919 from the Deputy Commissioner, Kadur District, to the Revenue Commissioner in Mysore, Bangalore.

With reference to the correspondence ending with your docket No.C.5214/G1. dated the 16th instant, re the accommodation for the location of the special Magistrates' Courts, I have the honour to state as follows:--

2. The portion of the District Office building which is at present occupied by the Revenue Sub Division Officer, the District Economic Superintendent, and their establishments may be made available for the First Class Magistrate's Court, Chikmagalur, and those two offices shifted to the building recently constructed for the Revenue Sub Division Officer for his quarters, Mr. Nanaswami Rao, the present Revenue Sub Division Officer does not require this building but Mr. Sundararajiengar, the Treasury Assistant Commis ioner wishes to get into it. If however it is considered desirable to use it for accommodating one officer or other, Mr. Chendra Gowda's house is available for rent and the offices shifted from the District Office building may be located there. Mr. Chendra Gowda demands a rent of Rs.75/- per mensem for his house.

3. Next as regards the Second Class Magistrate's Court at Tarikere, my proposal is that the building where the Revenue Sub Division Office is now held may be made available for the Second Class Magistrate's Court, the office of the Revenue Sub Division Officer and his establishment being shifted temporarily to the building intended to be used as additional Travellers' Bungalow. The Revenue Sub Division Officer should however be allowed to retain the use of the godowns in his office compound.

4. If this proposal meets with your approval, necessary action

action will be taken in the matter.

5. The Court-Hall of the Amildar Magistrate of Tarikere will be reserved for the Bench Magistrate's Court which will be established at Tarikere as per Government Orders.

E(71-20)
1-12

To

The Chief Engineer of Mysore,

Bangalore.

Sir,

With reference to your No. M4925 dated 4-11-19 and in continuation of this office No. 8629 E(71-20) dated 29-10-19 regarding the shifting of the Executive Engineer's office at Mysore to the Record room near the Taluk Office, I have the honour to forward herewith a copy of the Executive Engineer's report No.1178 dated 15th November 1919, for your information.

2. Only a portion of the building is proposed to be handed over to us. This portion is ill lighted, ill ventilated and is insufficient for the accommodation of the Executive Engineer's Office If the whole of the building including the portion now occupied by the Abkari branch of the Taluk Office is placed at our disposal, it will be sufficient for our requirements. But the building will have to be thoroughly improved at a cost of about 3 or 4 thousand Rs. before it can be made suitable for accommodating an Executive Engineer office.

3. Even then, there will be no accommodation for the stores and new buildings will have to be constructed in the compound of the Overseer's Lodge close by for use as store rooms and these may cost about 3 or 4 thousand rupees.

Submitted
Sd
6.12.19.

4. The whole question depends on whether the Revenue Department will place the whole building at our disposal or not. I therefore request that you will ascertain from the Revenue Department whether the whole building can be spared for our use.

I have the honour to be,
Sir,
Your most obedient servant,
Sd/- R. C. Simmons
Superintending Engineer.

K.N. 3/12

Letter No.1178 dated 15th November 1919, from the Executive Engineer, Mysore Division, to the Superintending Engineer, Southern Circle, Bangalore.

With reference to Chief Engineer's No.2319/M.dated the 20th August 1919 requesting to furnish my opinion regarding the proposal to shift the office of the Executive Engineer temporarily for two or three years from the Public Office Buildings to the Building near the Mysore Taluk Office etc., I have the honour to state that real inconvenience and disturbance to office work lie in the very proposal itself, and certainly the same will be greater than those said to be operating in the case of the Deputy Commissioner's office for a few days in each session for the following reasons:-

1. The D.P.W. stores is a necessary adjunct of the Executive Engineer's Office and his office cannot be separated from it, as all stores will be issued on orders every moment. There will be several contractors, both of the P.W.D. and of the Revenue Department, who come with requisitions from different Taluks for explosives; and by reason of the Executive Engineer's Office being located near the Stores, the issues are made on the very day.

2. There is special accommodation for storing Famine Tools and Steam road rollers.

3. There is a special room for storing explosives articles and it is located in a corner of the Public offices' compound, as the dangerous stores should not be kept clost to the Public office or inhabited part of the town.

4. The distance from the Railway station to the Taluk office building will be greater and it will involve extra cart hire, if the shifting takes place.

5. The records are all arranged and kept in order now by employing extra hands. What the shifting of Office means can very well be imagined.

6. The close proximity of stores to the Executive Engineer's office is essential for effective control.

7. The stores being expensive cannot be shifted, and it is altogether out of question to find such spacious but necessary accommodation elsewhere.

8. The Executive Engineer has also a share in the administration of the District: the same convenience and facility cannot be afforded, as by retension of the Executive Engineer's office in the Public Offices only.

9. The contractors will be deprived of the convenience of cashing Pass Orders almost immediately after they are delivered.

It is for these reasons that the Committee appointed specially regarding the allotment of rooms, have detailed that the Executive Engineer's Office should be in the Public Office building only, vide Government Order No.318-31/2582-5 dated the 4th June 1896.

II. Having reviewed the difficulties consequent on the proposed shifting of the Executive Engineer's Office, it may not be out of place here to see to the details as to how far the Deputy Commissioner's office is disturbed during the Conference and the Representative Assembly Meetings.

The rooms required by Government during the Meetings are as follows:-

(a) Rooms Nos.5, 6 and 7. These represent Court Hall, 895 S.ft. and Chamber of the Deputy Commissioner, 862 S.ft.

(b) Rooms Nos.2 and 3. These represent the room corresponding to the Court Hall of the Deputy Commissioner on the southern side of the Durbar Hall, occupied by the special Magistrate, his office and Court Hall and by the Probationery Assistant Commissioner under training and the Special Sub Division Officer, Malvalli, 895 S.ft.

(c) Rooms No. Used for storing Secretariat furniture, 883 S.

(d) Room No.10. Office of the Muramat Supervisor and of the District Forensic Superintendent, 441 S.ft.

(e) Rooms No.14. Local Fund and Registration 11 seats, 1261 S.ft.

(f) Room No.15. Accounts Branch with Sheristadar, 14 seats, -do-

(g) Room No.16. Executive Engineer's Office (20 seats) 1216 Sft.

(h) Room No.17. Executive Engineer's Drawing Branch (6 seats) -486 Sft

As regards item No.(a), there will be no difficulty in vacating this Hall, as the Deputy Commissioner will generally be required in connection with the Meetings and he may not therefore be in a position to hold his Court there. His own establishment is not at all disturbed, as they are occupying the rooms adjoining the Court Hall, Rooms Nos.12 and 13. Then the offices that are really disturbed are those of the Special Magistrate's Court, the Special Sub-Division Officer, Malvall, The District Economic Superintendent and the Maramat Supervisor. Since these officers may not have more than one or two hands for their offices, it may not at all be inconvenient to hold their offices in the tents pitched before the Public Offices for a few days. Thus rooms Nos.2, 3, and 10 can be made available by shifting the records and office to room No.14, where only 11 hands are accommodated in a big hall of 1261 Sq.ft.

III. Since the meetings and conferences are to be held annually if not half-yearly, the required space can be found in the existing accommodation only, if offices absolutely necessary are accommodated in the Public Office buildings. Thus the Revenue Sub Division Officer and the Special Sub Division Officer, Malvalli, can be made to hold their offices in a separate building and this may not cause inconvenience to the Deputy Commissioner. If this is done, the other Offices, that should be easily available, to the Deputy Commissioner, can adjust their accommodation in the same building without shifting their offices to the tents.

IV. After all, the question is the temporary disturbance of the office for a few days in a year; and it may be stated in this connection that the disturbance referred to is not only affecting the Deputy Commissioner, but also the Executive Engineer, in all these sittings, as he has to place his office room entirely at the disposal of the Secretary for the Meetings.

In conclusion, I have to point out that the idea of shifting the Executive Engineer's Office has become a subject of annual controvercy and the Deputy Commissioner always turns upon this office,

when the least disturbance is caused to his office, whether real or sentimental, and to invite your attention specially to the reasons set forth in para 1 above, and also to the decision arrived at in regard to the allotment of rooms by the Committee specially appointed for the purpose. I would also invite kind reference to the decision arrived at the joint inspection of the Deputy Commissioner and the Executive Engineer during September 1917, copy of which was forwarded to the Superintending Engineer for information with this office No.1169 of the 10th September 1917 (copy being also herein enclosed for ready reference).

A plan of the buildings, wherein the records of the Deputy Commissioner's offices are kept and situated near the Taluk Cutcherry and which is proposed tobe given to the Executive Engineer's Office, is also enclosed for perusal, together with a copy of the report received from the Sub Divisional Officer. The dimensions of the three rooms now occupied by the Executive Engineer and his office and Records are also noted in the margin for information, two being on the First floor, and one in the Ground floor.

Dimensions of the rooms occupied by the Executive Engineer and his office and records:-

First floor

Executive Engineer and the Drawing branch, 1. 51 x 22 = 1144.

Executive Engineer's office.1. 49 x 24 = 1216.

Ground floor.

Records. 1. 47½ x 18 = 855.

"C O P Y"

Superintending Engineer,

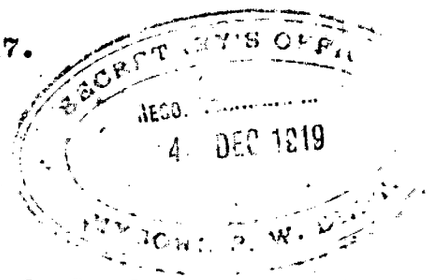
Southern Circle.

30 NOV 1919

K.N./30-11-19.

OFFICES OF THE DEPUTY COMMISSIONER, MYSORE DISTRICT,

Dated Mysore 3rd September 1917.



M E M O.

There has been latterly a great deal of complaint that the accommodation available in the Public Offices, Mysore, is extremely inadequate. The Deputy Commissioner and the Executive Engineer personally inspected the whole of the building this afternoon during working hours with a view to study how the existing accommodation could be utilised to the best advantage and what additions are abso-lutely necessary:-

N E W O F F I C E S:-

2. The following additional Offices have recently been sanction-ed and have to be accommodated in this Building:-

(i). The District Economic Superintendent with a staff of two Clerks.

(ii). The District committee of the Economic Conference with a Secretary and two Clerks.

(iii). The Maramat Supervisor with Overseers, Draftsmen and increased Establishment, and

(iv). A personal Assistant to the Deouty Commissioner who would generally excercise Magesterial Powers and would therefore require a Court Hall.

F I R S T F L O O R:-

3. No other accommodation at all being available, the offices of the District Economic Superintendent, the Secretary of the District Committee and of the District Health Officer are being held in two Rooms on the Southern side of the Durbar Hall which have been reserved by the Government for use in connection with the Durbar Hall and have to be vacated, whenever wanted by Government. The personal Assistant to the Deputy Commissioner as well as the Probationary Assistant Commissioner (there is sure to be always one Probationer under Training in this District) also use a portion

portion of one of these rooms. In one of these rooms again the District Committee has fitted up a small museum of economic products and also a Reading Room for the Benifit of District Committee Members. The accommodation is most insufficient and inconvenient and the ~~the~~ fact, that these rooms have to be vaccated three times a year, causes a very great deal of dislocation of work. The Deputy Commissioner's Court Hall and Chambers have also to be vacated three times every year, but it may be said that this does not result in very serious inconvenence, as, on all these occassions, the Deputy Commissioner is generally engaged in connection with the Representative Assembly and Economic Conference sittings and would have no court work to do. During Last April one of the Big Rooms occupied by Fourteen Clerks of the Deputy Commissioner's Office had also to be vaccated on the requisition of the Government and it is understood that this room will have to be vacated in future also every time that the Durbar hall is utilised for the purposes of Representative Assembly or Economic Conference sittings. The inconvenience and confusion caused by so many clerks having to shift themselves and their records and handle themselves in the remaining rooms can be very easily understood.

4. The Personal Assistant to the Deputy Commissioner will generally be a Magistrate. The Probationary Assistant Commissioner under training may also be entrusted with Magisterial works during the period of his training. But there is no court hall available for either of these and they have to obtain the loan of the Treasury Assistant Commissioner's Court Hall, whenever they have to hear cases. This is of course a very unsatisfactory arrangement.

5. The Deputy Commissioner's Chambers are very narrow. It gives just enough room to place a table with a sufficient number of Chairs for the Accommodation of the Lawyers, Visitors, Etc., There is no room for taking tiffin and no bath room attached. This is exceedingly inconvenient.

6. The Sub Division Officer of Mysore has at present a room measuring 50' x 25' . This has been partioned into three, one for Court Hall, one for Chambers, and one for Clerks ~~of the Sub Division Office~~

Clerks and in the latter six clerks of the Sub Division Office have to be accommodated besides the tents of the Office. The space available for Court Hall is very narrow and inadequate. It does not afford &&&&&&&& enough Room for all the accused being put together in the dock when there are a number of persons to be tried at a time. There is no room for a Witness Box. The Place where the Clerks sit being farthest inside is quite dark and ill-ventilated.

7. The accommodation available to the Executive Engineer is also not sufficient in view of the increased establishment con--sequent on the Introduction of new system of Payment from 1st August 1917.

G R O U N D F L O O R:-

8. The Ground Floor accommodates the following Officers at present:-

1). The District Treasury Officer together with the Treasury Cash and Account Branches.

2). The District Excise Officer.

3). The District Forest Officer, West Division.

4). The District Forest Officer, South Division. (He has not yet removed into this building, but is to do so shortly as soon as the room occupied by No: 1 D.P.W. Sub Division is vacated.).

5). The District Superintendent of Police.

6). The Records of Treasury, Excise, Police and Forest Branches and records of District Office of all branches.

7). Records of the Executive Engineer's Office.

9. The accommodation available to the District Superin--tendent of Police is sufficient; and that the the Treasury Officer is fairly so, although some inconvenience is felt owing to the small dimensions of the Court Hall and to the fact that the Public having to present Vouchers do not find it convenient to get easy access to the Accountants. However the accommodation available may be regard--ed as fairly satisfactory. The rooms are ill-ventilated and stuffy and fit only for Record Rooms. The record Space available for the Deputy Commissioner's Office is quite inadequate. One room has been alloted to the Judicial and Local Fund Branches. Both the Branches

Branches are inconvenienced by this arrangement and there is no safety for the Records. The Maramat Branch has no seperate Record Room. Recently Government have directed that the Records of the Maramat Branch should be arranged seperately from the other records of the District Office, but as things are at present, there is abso-lutely no room for the Maramat Records being put Seperately. The English records have one room. This is fairly adequate. But the Vernacular records have only one room and this is exceedingly inadequate. As a matter of fact a large portion of the records are lying unsorted in a building (about 2 miles away) attached to Taluk Cutchery. They have not been brought into the District Office because there is no room available. This causes much confusion and delay in sorting and tracing records when required. Some of the Record-Keepers have frequently to go and work in the aforesaid building when some records supposed to be lying there are wanted.

10. There is no room for sorting property received by the various Courts. They are stored in odd corners and other unsuitable places. Similarly there is no room for keeping the Deputy Commissioner's Camp furniture, Boxes Etc., They are huddled together in the Court Hall.

11. Having regard to the considerations set forth above, the Deputy Commissioner and the Executive Engineer concur in the proposals noted below:-

(i). There need be no change of the Deputy Commissioner's Court Hall and Chambers for the present, although the Chambers are not quite sufficient. When these are to be vacated for the requirements of Government, the Deputy Commissioner is generally unable to hold Court, as he is required in connection with the Representative Assembly Meeting and Conference sittings. A movable bath room may be fitted up for the use of the Deputy Commissioner in a portion of the Verrandah in an unobjectionable corner as has been done for the Executive Engineer.

(ii). The room corresponding to the Court Hall of the Deputy Commissioner on the Southern side of the Durbar Hall should be uti-

H.C

utilised by the Personal Assistant to the Deputy Commissioner for his Office and Court Hall and by the Probationary Assistant Commissioner under training. This room will have to be vacated periodically for the use of Government. These Officers can then be accommodated in tents.

(iii). One big room is now utilised for storing Secretariat furniture. This Room is well suited for Office purposes. The furniture should be put in a go down to be built for the purpose and this room should be made available for Office purposes.

(iv). Of the several Officers now located in the Public Offices Buildings, it is absolutely necessary that the following Officers should be located in the same Building, as the Deputy Commissioner should be always immediately available to them.

(1). The Personal Assistant to the Deputy Commissioner.

(2). The Probationary Assistant Commissioner.

(3). The Treasury Officer.

(4). The Superintendent of Police,

(5). The Excise Assistant Commissioner,

(6). The Maramat Supervisor,

(7). The Economic Superintendent, and

(8). The Secretary to the District Committee.

These Officers are in charge of Offices, which are, for all practical purposes, part and parcel of the Deputy Commissioner's own Office. The two District Forest Officers, The District Health Officer and the Sub Division Officer, Mysore, may be accommodated in a seperate Building not far from the District Office. They are also Deputy Commissioner's Assistants and have to be in frequent touch with him, but it will not cause serious inconvenience even if they are located in a seperate Building not more than a Furlong or so away.

12. In the above view, the Following Officers should be accomodated on the First Floor:-

(i). The Deputy Commissioner and his staff of all Departments,

(ii). The Personal Assistant Commissioner,

(iii). The Probationary Assistant Commissioner,

(iv). The Maramet Supervisor,

(v). The District Economic Superintendent,

(vi). The Secretary to the District Committee, and

(vii). The Executive Engineer.

The accommodation on the Ground Floor should be utilised by:-

(i). The District Treasury Officer,

(ii). The District Excise Officer, and

(III) The Superinyendent of Bolice.

(iv). The records of the Deputy Commissioner's Office (English, Vernacular, Judicial, Local Fund and Maramat), The Treasury Records, The Police Records,

(v). The Excise Records, and

(vi). The Executive Engineer's Records.

There will be no room available for the two District Forest Officers, the District Health Officer and the Sub Division Officer. It is proposed that a seperate block of Buildings should be constructe in the Public Offices Compound facing the Yelwal Road. The accommoda ion required for these Officers may be put down as follows:-

(i). The Sub Division Officer, about 1600 square feet provision being made for a Court Hall measuring 30' X 20' and chambers for the Officer; and the remaining portion should be alloted in a suitable manner for Clerks.

(ii). The two District Forest Officers and their records require about 1600 square feet each. They require no Court Halls.

(iii). The District Sanitary Officer with his Assistant and Establishment together require about 800 square feet.

13. We are of opinion that the construction of such a building as well as a godown for the Secretariat Stores and for the Tents of the several Officers is an urgent necessity and the Govern-

Government may be moved to sanction the construction of a building during the current year. In order to make use of the Record Rooms to the best advantage, it is also necessary to provide commodious iron racks for all the Rooms. This is also urgently required.

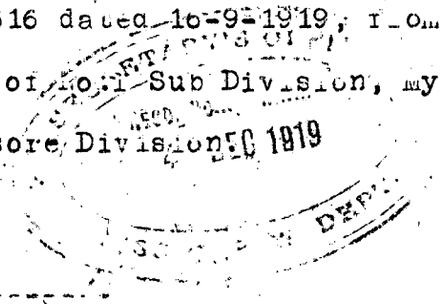
Copy of letter No. 616 dated 16-9-1919, from the Assistant Engineer, in charge of No.I Sub Division, Mysore, to the Executive Engineer, Mysore Division.



In resubmitting your office From No. 1402 dated 13-9-1919, I have the honor to submit a plan of the building now occupiedby the Old Records of the Deputy Commissioner's Office situated near the Taluk Cutchery . The main hall measures 70 x 21'-9" . The roof is supported on 6 King posts trusses and consists of flat and pan tileson teak reapers. About 6 rafters are eaten away by white ants at the ends.

The hall is surrounded on all sides by a verandah 11'-6" wide in clear walled on all sides by a wall 1½' thick.

Flooring consists of concrete plastered over with Chunnam Plaster.

The Northern verandah is occupied by the Excise Department as Stores. The Deputy Commissioner Mysore District whom I consulted yesterday told me that the hall and the side verandah on 3 sides could be spared to your Office.

The building is dark on account of the disposition of Doors and Windows. There are only two ventilators. One over the door and another over the window.

The ground is sloping towards ~~address~~ South and we West.

The North west corner of the basement is 9" below ground.
The North East.....do..... 9" above ground.
The South East.....do.....1'-3½"...do.....
The South West.....do.....11"....do.....

The havoc of white ants is much felt.

Sir,

With reference to Government Order No.G.12854-62/Cts. 235-1 8-10 of the 3rd instant in regard to the accommodation to be provided for the Special Magistrate's Courts to be opened from the 2nd January 1920, I have the honor to state that in directing that accommodation should be made available for the new 1st Class Magistrate's Court at Mysore by shifting either the Executive Engineer's Office or the 2 District Forest Offices from the Public Office Building to the old Record Room Building near the Taluk Office, the matter has not been finally decided. The Conservator of Forests was requested in my letter No.T.R.20/19-20 of the 7th instant to issue necessary instructions to the 2 District Forest Officers to place the rooms occupied by them at my disposal. No reply has yet been received to my reference.

The establishments of the Special Courts have to be located in the places provided for them from the 15th instant to be ready for starting the work of the New Courts and I request that you will be so good as to obtain the early orders of Government as to which of the 2 Departments, the Public Works Department or the Forest should vacate the rooms occupied by them and have immediate instruc-

tions

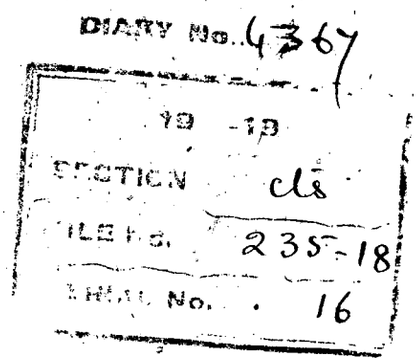
Dated, Mysore, 6th September 1920.

From

P.F. Bowring, Esquire,

Deputy Commissioner,

Mysore District.



To

C.S. Balasundaram Iyer, Esquire, B.A.,

Chief Secretary to the Government of

His Highness the Maharaja of Mysore,

Bangalore.

Sir,

Adverting to correspondence ending with your No.G.16519/Cts. dated the 19th January 1920, forwarding copy of your letter to the Chief Engineer, in the matter of shifting the Mysore Division Executive Engineer's Office to the Record Room building near the Taluk Office, I have the honor to state that the matter was discussed between the Superintending Engineer and myself, and the Superintending Engineer agreed that the Executive Engineer's Office might be shifted to the Old Record Room.

2. The Superintending Engineer, in his letter No.2111/Mis./55-21 of the 14th August 1920, requested me to inform him whether the old Record Room could be vacated and handed over to that Department for accommodating the Executive Engineer's Office in it. A reply to this reference was sent on 20th August 1920, stating that there was no objection to do so, if the Central Dome of the Public Offices was made available for the reception of the old records that are lying in the Old Record Room.

3. In response to the above, the Superintending Engineer has written to say that the Executive Engineer's Office cannot be removed from its present rooms in the Public Office Building. A copy of his letter No.271/Mis. dated 31st August 1920 is herein enclosed, for information.

From

The Deputy Commissioner,

Mysore District.

To

The Chief Secretary to Govt.,

8803 Bangalore.

Dated 8th September 1920.

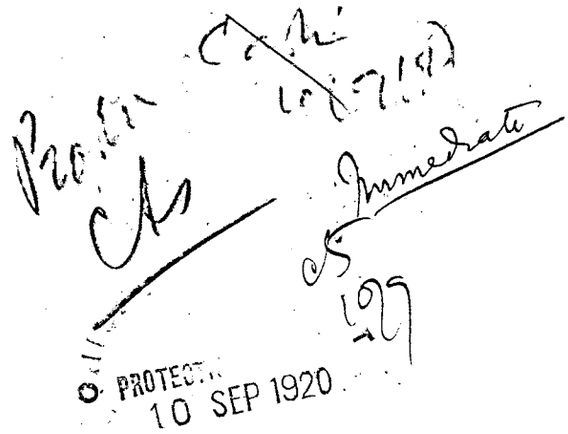
Despatched

Received

General No. R.H.C.1401/Rev.18-19.
No.

Enclosure No.

Submits a detailed report in the matter of shifting the Mysore Division Executive Engineer's Office to the Old Record Room near the Taluk Office and requesting early orders for accommodating the Special Magistrate's Court, Mysore.



4. From your reference to the Chief Engineer, a copy of which has been sent to me with your Memo under reply, it clearly seems that the Chief Engineer is of opinion that the Executive Engineer's Office can be shifted to the Record Room Building to make room for the 1st Class Magistrate's Court. Government have, in their Order No.G.12854-62/Cts. 235-18-10 dated 3rd December 1919, directed that either the Executive Engineer's Office or the District Forest Offices should be shifted from the Public Office Buildings in order to make room for the 1st Class Magistrate's Court. On a reference to the Forest Department from this office, the Conservator of Forests intimated that it was not possible to vacate the portion of the District Office occupied by the District Office occupied by the District Forest Offices and this has been communicated to you in my letter No.R.H.C. 1401 of 18-19 dated 16th December 1919. On this, the question of shifting the Executive Engineer's Office was taken up and has ended in the refusal of the P.W.D. to shift from the present premises.

5. The necessity for locating the Special Magistrate's Court in the Public Office Buildings has been explained in my letter No.H.C.49 of 19-20 dated 14th July 1919. Apart from the confusion consequent on vacating the present room during the Dasara and Birthday Festivities, the want of accommodation for the Court is also very keenly felt, and I would request very early orders of Government in the matter.

I have the honor to be,

Sir,

Your most obedient servant,

Deputy Commissioner,

Mysore District.

A.N.

Letter No.271/Mis. dated 30/31st August 1920, from the Superintending Engineer, Western Circle, Mysore, to the Deputy Commissioner, Mysore District.

Your No.R.H.C.1401 of 18-19 dated 20th August 1920, I regret to say that it is not possible for the Executive Engineer to vacate his present office and shift to the record room near the Taluk Office as he has valuable stores in the Public Office's compound and his office must be situated near them.

Read:-

G.O.No.G.12854-62/Cts.235-18-10 dated 3-12-1919 approving of the proposal of the Revenue Commissioner for locating the Special 1st class Magistrate's Court at Mysore in the District Office buildings by shifting the offices of the Executive Engineer or of the two District Forest Officers to the old Record Room building near the Taluk offices.

2. Correspondence ending with letter No. R.H.C.1401 Rev.18-19 dated 8th September 1920 from the Deputy Commissioner, Mysore District reporting that both the Forest and the P.W. Departments have pleaded inability to shift their offices from the present premises and solicing early orders of Government in the matter.

***

Order No. G 12069-22

Dated Bangalore, 28/12/20

In modification of the order read above Government are pleased to order the following arrangements for accommodating the several offices referred to above :--

(1) The offices of the two District Forest Officers, Mysore, should be removed to the Taluk office buildings, suitable rooms ~~xxxxx~~ being made available for the purpose by the Deputy Commissioner. The Chief Engineer is requested to take actionr regarding minor repairs necessary to make the rooms suitable for the offices. This arrangement will be ~~only~~ temporary till the construction of a separate block of buildings for the Forest offices.

(2) The room used for storing certain furniture belonging to the Government Stores should be located and placed at the disposal of the Deputy Commissioner, Mysore, for use ordinarily, the furniture being stored in the 1st and 2nd floors of the Central Tower room. The Registrar General and Rev. Sectt., will take needful steps in this matter.

(3) The Deputy Commissioner should also make suitable readjustments in the location of the subordinate offices and make use of the additional rooms made available in the most convenient manner possible, so that the vacation of certain rooms as usual during the Birthday and Dasara seasons may cause the least disturbance to the continuity of work in the District office.
